GERMANY INVADES POLAND HITLER GETS AFG-OF-FRENCH

Chamberlain Declares Responsibility Rests On One Man—Hitler

By J. F. SANDERSON
Canadian Press Staff Writer

LONDON, Sept. 1.—(Passed by British Censor)—Britain and France have sent an ultimatum to the German government, Prime Minister Chamberlain told the hushed house of commons today. While he did not actually use the word "ultimatum," the Prime Minister disclosed that the German government has been warned that unless its troops are withdrawn from Poland "His Majesty's government will without hesitation fulfil their obligations to the invaded country."

The prime minister left no doubt he believed Germany would not accept an ultimatum and this would leave Britain and France no alternative but to declare war.

The prime minister declared the British and French ambassadors in Berlin have been instructed to give the German government the following document:

"Early this morning the German chancellor issued a proclamation to the German army which indicated clearly he was about to attack Poland."

German Troops Crossed Polish Line

"Information which has just reached His Majesty's government in the United Kingdom and the French government indicates that German troops have crossed the Polish frontier and attacks are proceeding."

"In these circumstances it appears to His Majesty's government and the French government that by their action the German government have created conditions, namely an aggressive act of force against Poland, threatening the independence of Poland, which calls for implementation by the governments of France and Great Britain of the undertaking given by them to Poland to co-operate to her assistance."

"I am accordingly to inform your excellency that unless the German government is prepared to give His Majesty's government satisfactory assurances that the German government is to suspend all aggressive actions against Poland, and are prepared promptly to withdraw their forces from Polish territory, His Majesty's government will without hesitation fulfil their obligations."

Great Britain Is Fully Prepared

The prime minister declared Britain is fully prepared in every respect and in a better position than in 1914. The fleet, the air force and the army are mobilized. While there was no need for a general appeal for recruits such as Kitchener made in 1914, the government was introducing legislation to render all men between the ages of 18 and 41 liable to be conscripted.

The prime minister addressed the House in a solemn atmosphere, accentuated by the drawn blinds and the shaded lights. He was cheered as he has never been cheered before. Cheer upon cheer rose as he pinned the blame on Hitler for sending the world into war.

Mr. Chamberlain spoke with great feeling, but not with his usual calm. He pounded the big dispatch box in

Berlin Reports Army Pushing Into Poland

BERLIN, Sept. 1.—The army high command issued a communique at 5:45 p.m. (5:45 a.m. M.S.T.) which said the German army (advances on Poland from East Prussia is "deep in Polish territory" and that the air force is "pushing the Polish air."

The communique said advances of German troops and the air force which started from Pomerania, Silesia and East Prussia this morning were well under way toward their objectives.

German troops were reported advancing toward Danzig and such from Marienburg.

They crossed the Odra river near Breslau, the communique said, heading for Katowice and Cieszyn in Upper Silesia.

The communique said the troops reached the Netze river near Nalod in the Polish Corridor and that a battle is raging near Gdansk.

The communique said the air force is "controlling the Polish air" adding that "strong aviation" forces are retained in western Germany.

NO CASUALTIES

The army high command said many successful air raids were reported on various Polish military objectives in the Polish Corridor. Polish Upper Silesia and the military harbor at the Polish port of Gdynia.

Citizens Gasp As War News Breaks

Citizens awoke with a start Friday morning to hear the cry of "Eater" shouted by newsmen through streets in the residential districts and, rushing to doorways in their nightclothes, gaped as they saw the word "WAR" in huge letters across the top of newspaper front pages. In the top picture, two nurses at the University Hospital, Betty Owey, left, and Margaret Fife, stop on the hospital corridor, read The Bulletin with nervous excitement.

"I served for three years with the 28th Battalion Signallers in the Great War and I'm 65 years old now, but I'm still in pretty good shape."

Roosevelt Says He Believes U.S. Can Stay Neutral

Militia Units Here To Recruit Immediately To Full War Strength

Recruiting is full war strength will be begun immediately by the Edmonton Regiment, the 10th Field Brigade, R.C.A., 27th Cavalry Brigade, and the 10th Army Troops Company, M.C.E. It was announced today by Lt. Col. E. Brown, M.M., officer commanding the Edmonton Garrison. Recruits will be received at a hall in the Prince of Wales Armoury. This recruiting is for the militia and not for an expeditionary force.

Units of the Edmonton Garrison, the Royal Canadian Mounted Police, the city police, the provincial and civil governments all stood ready on Friday to accept when Great Britain and France declared war on Germany.

And Canada along with them—implement promises to aid Poland. Requested by Poland for aid in resisting the aggressive order by Hitler brings this time closer to common sense of freedom and National Socialism.

Lt. Col. E. Brown, M.M., officer commanding the Edmonton Garrison, stated that "all was quiet" in the city and that the situation is for the moment unchanged.

However, there is close touch with military activities and movements expect that once Great Britain is formally in the war, which is expected to be today, mobilization orders will come through for the entire Edmonton Garrison.

It is known that plans have been prepared for the mobilization of the Edmonton Garrison, which includes the Edmonton Fusiliers, the

Canada Stands By Britain in Event of War

Exclusive to Edmonton Bulletin

OTTAWA, Sept. 1.—When parliament assemblies on September 7 it will be asked to authorize the government to give the most effective co-operation to Great Britain which it is possible to give, Prime Minister Mackenzie King said today. "Canada will stand by Britain," the prime minister told newspapermen attending a press conference. "The cabinet has unanimously decided that if Britain is at war, Canada is at war and will be by her side," he added, as he said the government would lay before parliament plans for co-operative and defensive measures.

In his office, with a portrait of Sir Wilfrid Laurier providing a link with 1914-18, Mr. King read a prepared statement to the press conference.

CANADA TAKES FIRST STEPS FOR DEFENCE

OTTAWA, Sept. 1.—Canada has taken the first steps which will see the Dominion standing side by side with the other units of the Empire in the present war crisis.

Calling an early morning emergency session of his cabinet, Prime Minister Mackenzie King presided by order-in-council under the War Measures Act of 1914, which gives the government extraordinary powers to act in an emergency pending the assembly of parliament. At the same time he announced that the Canadian parliament had been called to meet on September 7. Pending the assembling of parliament, Mr. King said the government is taking all necessary measures for the defence of Canada.

Proclamation of the War Measures Act was followed by the placing of Canada's military, air and naval forces on a war basis, and instructions were sent out to the officers commanding all military districts to call out additional units of the militia in their areas.

The War Measures Act, which came into being in 1914, gives the government wide measures of control over shipping, censorship, trade and communication, and other matters relating to the security of the realm.

It vests in the governor-in-council, which is the cabinet, authority to issue orders and regulations which may be deemed necessary during a period of war or insurrection. These are aimed at ensuring the defence, peace, order and welfare of Canada.

ment of him. His voice, which seldom rises above the conversational tone, at times took on great volume.

He made one pointed reference to Premier Mussolini when he said it was his best trying his best during the past few days to prevent war.

Britain Ready To See War Through

Britain, he said, is prepared to see war through to the bitter end. She was entering the conflict with a clear conscience and with the support of the Dominions, and with the moral approval of most of the world.

LONDON, Sept. 1.—(Passed by British Censor)—Prime Minister Chamberlain declared tonight that unless Germany would suspend aggressive action and withdraw her forces from Poland, Great Britain would unhesitatingly fulfill her obligations to Poland.

Mr. Chamberlain made the statement at an extraordinary session of Parliament.

If he reply to this last British warning is not favorable, he said, the British ambassador in Berlin, Sir Neville Henderson, will be instructed to ask for his passports.

The prime minister said a bill would be introduced making the ages for military service between 15 and 41 years.

"Mussolini has been doing his best," Mr. Chamberlain declared.

He began addressing the Commons at 6:04 p.m. (8:04 a.m. M.S.T.). He continued at 6:30 p.m. (8:30 a.m. M.S.T.).

"I do not suggest that the German reply is likely to be otherwise than unfavorable."

"We shall stand at the bar of history knowing that the responsibility for this terrible catastrophe rests on the shoulders of the man—the German Chancellor."

The Prime Minister's statement came two hours after he had called on Great Britain for help against Germany and after the King had issued an order for the mobilization of the army, navy and air force.

Early in his speech, Mr. Chamberlain said:

"The time has come when action rather than speech is required."

"Eighteen months ago I prayed that the responsibility might not fall on me to accept the awful achievement of war. I fear that it is not now at all avoid that responsibility."

NO BOMBING OF CIVILIAN POPULATION PLEADS FOR Hitler Orders Battle

Roosevelt Addresses Plea to All Powers Likely to War

WASHINGTON, Sept. 1.—President Roosevelt today issued his plea for peace, warning that a European war to pledge the peoples against bombing civil populations or minorities.

Mr. Roosevelt's appeal was sent at 5:30 a.m. E.S.T. to the governments of Great Britain, France, Italy, Germany and Poland. He requested an immediate reply.

Earlier, after receiving reports from envoys in Paris and Warsaw, the president had stated that all United States naval ships and army commands were to be notified today of German-Polish hostilities.

"The ruthless bombing from the air of civilian populations, the course of the hostilities which have been in progress since the outbreak of the war during the past few years, and which have resulted in the maiming and in the death of thousands of defenceless women and children, and the suffering of the hearts of every civilized man and woman, is a crime against humanity," Mr. Roosevelt said in his appeal to the five powers.

"It is not in the interest of humanity that this should continue. It is not in the interest of humanity that this should continue. It is not in the interest of humanity that this should continue."

Tigers Club Sox Ace For 13 Hits

DETROIT, Sept. 1.—For the first time this year and for the second time in two seasons Detroit Tigers were able to beat Robert Moses "Lefty" Grove Wednesday. Making the most of 13 hits and four enemy misplays, the Bengals downed Boston Red Sox 11-4.

The astute, knuckled the 38-year-old Grove from a tie with Alcyon, of New York Yankees, for the league's pitching leadership. Both had won 13 times against two defeats until yesterday.

WAR FEARS BOTH U.S. NET CHIEFS

Foreign Tennis Threats May Be Called Home For War Duty

NEW YORK, Sept. 1.—Fears for the United States tennis championships were drawn Thursday in an atmosphere of gloom and uncertainty because of the possibility many of the foreign stars will have been called home for war duty before play begins September 1.

Foreign tennis players included Charles Hare of England, Henner Henkel of Germany, Bernard Dainton of France, Perce Penner, Franjo Kukuljevic and Drago Mitic of Yugoslavia and four members of the Australian Davis cup team, Adrian Quist, Jack Bromberg, Harry Truman and Jack Crawford.

All except Henkel are in the United States now. His name was left in the pot on the slim possibility he can leave Germany in time to compete. The veteran Jacques Brugnon, another entry, is a regular officer for France. News of England's mobilization came while the drawing was in progress and he said solemnly: "Maybe we will not get to play."

The men's draw placed Bobby Rigs, America's No. 1, in the top quarter with Hopman, fourth seeded foreigner.

If the women run true to their word, the semi-finals will find Althea Marble of the United States, defending champion, playing Madeline Simonne Maudslowi of France, one match and Helen Hull Jacobs of the United States battling Kay Stammers of England in the other.

MAPS

Maps are very fascinating these days. Always changing. Hitler must get a rake-off from the cartographers.

A globe is an interesting thing to travel. In fact, if you put a dollar on Zanzibar every time you can do better than at capital.

A few dollars, called a map—both have colors and lines, and when they get rid, wrinkles. But a map at least looks OK, without any powder on it!

A Treat to Sing!

Here Are Sure-Fire Favorites

Happy times on the range when the cowboys strike up with a song. And fun for you when you round up the crowd for cowboy ballads. Let the favorite "Home on the Range" start you off:

"Home, home on the range
Where the deer and the antelope play
Where never is heard a discouraging word
And the skies are not cloudy all day."

What to sing next? This cowboy love song, "In the Gold Fields of Montana," sung in hand, you easily follow the tune:

"In the Gold Fields of Montana,
Nestle the Western skies so blue,
I was searching for treasure
And I found sweet precious you."

Or tip into that hilarious favorite, "The Sautter-Cox Cowboy":

"He stuttered while popin' and boys
'twas a laugh.
To hear Bill about 'Come on you,
you call!'"

Never a dull moment when you sing such grand cowboy ditties. Our songbook has 38 songs with words, music and piano accompaniment—old ones, you love and new favorites you'll want to learn. Enjoy "The Cowboy Album," "Ridin' Down the Old Texas Trail."

FIVE LOCKHEED BOMB PLANES AT LETHBRIDGE

DATA

Force were waiting here last night to be ferried to Winnipeg where they will be turned over to British authorities.

Two planes arrived here Wednesday and at 3:30 p.m. M.T. yesterday three more landed, coming here from the factory at Burbank, Calif., via Salt Lake City, Utah, and Glen Falls, Mont. Only one plane at a time, it was reported, will be ferried from Lehighridge to Winnipeg as extra pilots returning to the factory shortly.

Lehighridge aviation authorities said they expected that the bombers will continue to come here from the factory but they would not allow more ships are included in this commitment to the British government. More were expected to come this week.

Woman Shoots Herself, But Suicide Fails
Suffering from a life wound in her cheek, which Royal Canadian Mounted Police said was self-inflicted, Mrs. A. Gordon, 50, wife of a Toronto district farmer, was admitted to the General Hospital here for medical attention Thursday evening.

According to reports the woman, who has been in ill-health and who was operated on recently, put a 22 calibre rifle in her mouth Thursday afternoon, and pulled the trigger. The bullet pierced her cheek bone and was halted in her mouth by RCMP. Doctors said she was "fine" Friday morning.

Members of National Film Board Are Named At Ottawa By Minister

OTTAWA, Sept. 1—Members of the National Film Board were announced Thursday by Hon. W. B. Fisher, trade and commerce minister. It is composed of three members of the civil service and three from outside. Those from outside the civil service are: Professor Walter C. Murray, Saskatoon, former president of the University of Saskatchewan; and H. S. Hamer, general executive assistant of department of agriculture.

Col. V. J. Smart, deputy minister of transport, said the board will appoint a government film commissioner who will be the chief executive officer of the organization.

The national film board was provided for by parliament at the last session. Its purposes are to coordinate film activities of the various government departments; to provide a central distribution and information service.

The civil service members are: J. G. Farnham, deputy minister of trade and commerce; H. S. Hamer, general executive assistant of department of agriculture; and Col. V. J. Smart, deputy minister of transport.

Canada's Position Hopeless if Fails to Aid Britain—Hepburn

WINNIPEG, Ont., Sept. 1.—Canada would be "in a hopeless position" if she failed to support Great Britain in the event of war, Premier Mitchell Hepburn said Thursday at a Liberal nomination meeting here for the federal riding of Farcy Sound.

The meeting unanimously named Arthur G. Slight to contest the riding in the next general election. Mr. Hepburn, who has said he will take no part in the federal campaign, declared he spoke on Mr. Slight's behalf "only as a personal favor."

"According to the latest reports I have received, the situation in Europe is hopeless," the Premier said. "Ten million men are on the march today."

"But whatever happens, this will be the end of all kinds of 'hand' as far as Britain is concerned, because the proponents of these decisions of Fascism and Communism have lined up against the democratic forces."

There never has been a time more like this.

propitious for the British Empire to take a stand than the present, Mr. Hepburn asserted.

"Canada would be in a hopeless position if she failed to back Britain," he said. "When parliament meets, as apparently it must quickly, I hope Canada's voice will be heard in no uncertain way."

"If, in the opinion of King George and his ministers, we've got to fight, let us fight as one man and put all our Canadian resources behind Great Britain."

Ontario to Place Municipalities On War-Time Basis
TORONTO, Sept. 1.—Hon. Eric Cross, Ontario minister of municipal affairs and welfare, told delegates attending the 41st annual convention of the Ontario Municipal Association "the Ontario government is preparing legislation to place municipalities on a war-time basis as they were in 1915."

"In that year they were given wide borrowing powers for public purposes," he said. "It is the intention of the government to see that they shall have that power again."

"There must be economies in public and private enterprises," he said.
